Wolf's Greenhouse has donated \$3500.00 in Tree's and shrubs to the Village for our pocket park dream and with that many fruit tree's. To which has led to the idea of a community orchard. Mayor Lovequist would like to see this become a reality. It was discussed that this would be something we could have come to life in the properties currently owned by the Village on Railway Ave and Margaret Street know as "The greenhouse property". Administrator Lowe will do some research and apply for some grants and this will be discussed in the next meetings agenda.
